

## Overview AS-i Safety with integrated Safety Monitor

Housing	Module	Art. No.	Characteristics
	<b>AS-i 3.0 PROFIBUS Gateway with integrated Safety Monitor in one housing</b>	BWU2001	2 AS-i Master, 16 release circuits, 4 independent output switching elements, RS 232 diagnostics interface
		BWU2002	2 AS-i Master, 16 release circuits, power supply decoupling unit, 4 independent output switching elements, RS 232 diagnostics interface
	<b>AS-i 3.0 PROFIBUS Gateway with integrated Safety Monitor in one housing</b>	BWU2202	2 AS-i Master, 16 release circuits, power supply decoupling unit, 4 independent output switching elements, Ethernet diagnostics interface
		BWU2602	2 AS-i Master, 32 release circuits, power supply decoupling unit, 4 independent output switching elements, Ethernet diagnostics interface, safe cross communication
	<b>AS-i 3.0 PROFIBUS Gateway with integrated Safety Monitor in one housing</b>	BWU2003	1 AS-i Master, 16 release circuits, 4 independent output switching elements, RS 232 diagnostics interface
		BWU2004	1 AS-i-Master, 16 release circuits, power supply decoupling unit, 4 independent output switching elements, RS 232 diagnostics interface
		BWU2204	1 AS-i-Master, 16 release circuits, power supply decoupling unit, 4 independent output switching elements, Ethernet diagnostics interface
		BWU2187	1 AS-i Master, 16 release circuits, 2 independent output switching elements, RS 232 diagnostics interface
		BWU2188	1 AS-i Master, 16 release circuits, power supply decoupling unit, 2 independent output switching elements, RS 232 diagnostics interface
	<b>AS-i 3.0 PROFIBUS Gateway with integrated Safety Monitor in one housing</b>	BWU2206	1 AS-i Master, 16 release circuits, power supply decoupling unit, 2 independent output switching elements, Ethernet diagnostics interface
	<b>AS-i 3.0 PROFINET Gateway with integrated Safety Monitor in one housing</b>	BWU2330	2 AS-i Master, 16 release circuits, 4 independent output switching elements, RS 232 diagnostics interface
		BWU2237	2 AS-i Master, 16 release circuits, power supply decoupling unit, 4 independent output switching elements, RS 232 diagnostics interface
		BWU2642	2 AS-i Master, 32 release circuits, integrated power supply decoupling unit, 4 independent output switching elements, RS 232-diagnostics interface
		BWU2307	1 AS-i Master, 16 release circuits, 4 independent output switching elements, RS 232 diagnostics interface

Housing	Module	Art. No.	Characteristics
	<b>AS-i 3.0 EtherNet/IP+Modbus TCP Gateway with integrated Safety Monitor in one housing</b>	BWU2317	2 AS-i Master, 16 release circuits, 4 independent output switching elements, RS 232 diagnostics interface
		BWU2267	2 AS-i Master, 16 release circuits, power supply decoupling unit, 4 independent output switching elements, RS 232 diagnostics interface
		BWU2273	1 AS-i Master, 16 release circuits, 4 independent output switching elements, RS 232 diagnostics interface
	<b>AS-i 3.0 EtherCAT Gateway with integrated Safety Monitor in one housing</b>	BWU2281	2 AS-i Master, 16 release circuits, power supply decoupling unit, 4 independent output switching elements, RS 232 diagnostics interface
		BWU2338	1 AS-i Master, 16 release circuits, power supply decoupling unit, 4 independent output switching elements, RS 232 diagnostics interface
	<b>AS-i 3.0 sercos Gateway with integrated Safety Monitor</b>	BWU2588	1 AS-i 3.0 Master, 1 AS-i Safety Monitor in Stainless Steel for 2 AS-i networks, 32 release circuits, 2 x RJ-45: 100MBaud, sercos III Ethernet interface, Ethernet diagnosis interface
	<b>AS-i 3.0 Gateway PROFIsafe via PROFIBUS</b>	BWU2479	1 AS-i Master, PROFIsafe for 1 AS-i network, RS 232 diagnostics interface
		BWU2214	2 AS-i Master, PROFIsafe for 2 AS-i networks, 4 independent output switching elements, RS 232 diagnostics interface
		BWU2215	2 AS-i Master, PROFIsafe for 2 AS-i networks, power supply decoupling unit, 4 independent output switching elements, RS 232 diagnostics interface
		BWU2598	1 AS-i Master, PROFIsafe for 1 AS-i network, power supply decoupling unit, 4 independent output switching elements, Ethernet diagnostics interface, Control 3, programming in C
		BWU2615	2 AS-i Master, PROFIsafe for 2 AS-i networks, power supply decoupling unit, 4 independent output switching elements, Ethernet diagnostics interface, Control 3, programming in C
	<b>AS-i 3.0 Gateway PROFIsafe via PROFINET</b>	BWU2421	2 AS-i Master, PROFIsafe for 2 AS-i networks, 4 independent output switching elements, RS 232 diagnostics interface
		BWU2383	2 AS-i Master, PROFIsafe for 2 AS-i networks, power supply decoupling unit, 4 independent output switching elements, RS 232 diagnostics interface
		BWU2647	2 AS-i Master, PROFIsafe for 2 AS-i networks, power supply decoupling unit, 4 independent output switching elements, RS 232 diagnostics interface
