

ZPA and AS-Interface: pre-programmed and freely parameterizable

Have you already visited our FAQ page? Here you will find valuable answers to many pertinent questions about ASi and Bihl+Wiedemann products. Can't find your question? We would be happy to advise you personally.

The topic of ASi-5 Safety is also a new one on the FAQ page. If you would like to find out more about our first ASi-5 Safety products, please also visit the ASi-5 Safety application page. Here you can find out, among other things, why ASi-5 Safety is the ideal complement to ASi-3 Safety and how you can further reduce your machine costs in the future with the new Safety generation.

With a particular emphasis on our products, our FAQ page answers many questions on the following topics:

- Products
- AS-Interface
- ASi-5
- ASi-5 Safety
- ASi cable
- IO-Link
- Passive Safety
- New 30 V power supply

- ASi-5/ASi-3 addressing device
- 48 V drive solutions
- Single Pair Ethernet
- Self-configuring I/O modules
- ASi PROFINET Gateways
